It is issued weekly, in form for binding; it contains annually from 500 to 600 finely executed Engravings, and No-tices of American and European Improvements, together with an Official List of American Patent Claims published weekly in advance of all

other papers. It is the aim of the Editors of the Scientific American to present all subjects discussed in its columns in a practical and popular form. ARCTIC EXPLORATIONS Is now being read by more than two hundred thousand persons, old and young, learned and unlearned. It is just the book which should be owned and read by every American. 500 newspapers have each pronounced it the most re-markable and marvelous work ever published. Our most eminent men have vied with each other in extelling its merits. 2 vols., octavo, superbly illustrated. Three hundred engravings. Price, \$5.00.
